Public Safety Reports

Salt Lake City Fire Department, Station 8

No report given.

Salt Lake City Police Department

Detective Pedersen (801-799-3625 or CIUDistrict5@slcgov.com)

- Officers have been leaving warning cards on idling cars to remind drivers of the risk of car theft.
- Decrease in crime year-over-year: car theft (15.6 percent decrease), car burglary (6 percent decrease), residential burglary (43.8 percent decrease). Robberies are up - the community saw six robberies this year, compared with three at this same time last year. Three of those robberies were carjackings.
- The vice squad, which conducts prostitution stings, is now impounding cars as well as arresting perpetrators. Impounding cars makes it more likely that the family will find out about the criminal behavior.
- One resident expressed concern at the ongoing code violations and potential criminal activity taking place at the Georgia Apartments at 2015 South and 200 East.
- Tim Cosgrove, the new community liaison to District 5, spoke about the multijurisdictional task force that is attempting to tackle similar issues by convening health officials, housing officials, public safety officials and more.
- Citations and fines can be issued against the properties, and penalties accrue until the issues are addressed.

Main Program Items

Proposed Development at 1302 S 500 E and 1314 S 500 E

Christopher Lee, principal planner, SLC Department of Community and Neighborhoods
Planning Division - 801-535-7706 or chris.lee@slcgov.com

- The city is currently reviewing plans for a mixed-use development on the southwest corner of 1300 South and 500 East.

- The developers plan to maintain ownership and be active in the management of the building once complete.
- Zoning currently provides for a 15-foot setback between the building and property lines closest to the street. The developers are requesting a setback of 4.5 feet from the property line at 500 East and a setback of 2 feet from the property line at 1300 South.
- They are also requesting additional adjustments along the side and rear property lines.
- The development is on the agenda for the Salt Lake City Planning Division monthly open house on Jan. 18. The meeting will take place at 4:30 p.m. in the first floor hallway of the city and county building. Full agenda here:
